

Monday 08/28/2023

Intro to AFNR 8:23am - 9:10am

Interest Survey on 16 Career Clusters**Homework**

Students will take an interest survey that will match them up with a career cluster.

Fund Ag Mechanics 9:13am - 10:00am

Legal Land Description -- section subdivision**Homework**

Students will learn how to properly describe a part of a section using legal land description.

Ag Power 10:03am - 10:50am

Move Equipment**Homework**

Students will move the Woodworking equipment into the shop.

Adv Animal Science 11:43am - 12:30pm

Move Equipment**Homework**

Students will help move woodworking equipment into the shop.

Fund Plant Science 1:08pm - 1:55pm

Past Erosion worksheet**Homework**

Students will complete a worksheet on past erosion.

Ag Structures 1:58pm - 2:45pm

Move Equipment**Homework**

Students will move and set up equipment and take measurement on tables for downdraft sander and for the fishtank

8th Grade Ag 2:48pm - 3:35pm

Circular Saw -- Cut**Homework**

Students learn to cut with the circular saw. They will make a cross cut with each of the saws -- Black and Decker, Craftsman and Dewalt.

Tuesday 08/29/2023

Intro to AFNR 8:23am - 9:10am

16 Career Clusters**Homework**

Students will identify careers/jobs/and people that are in each career cluster

Fund Ag Mechanics 9:13am - 10:00am

Reading a rod**Homework**

Students will learn how to read a 10ths and foot and inch rod. They will also learn how to calculate the difference in elevation between two points on a rod.

Ag Power 10:03am - 10:50am

Chapter 1 worksheet**Homework**

Students will complete the worksheet from the Chapter 1 power point.

Adv Animal Science 11:43am - 12:30pm

Range Plant ID**Homework**

Students will take a field trip out to the pasture east of practice football field to ID range plants.

Fund Plant Science 1:08pm - 1:55pm

Slope & Stoniness worksheet**Homework**

Students will complete worksheet on slope and stoniness

Ag Structures 1:58pm - 2:45pm

State Fair Booth**Homework**

Students will work on State Fair Booth

8th Grade Ag 2:48pm - 3:35pm

Circular Saw -- Safe/Unsafe**Homework**

Students will take the Safe/Unsafe test over the Circular Saw.

They will then start a worksheet on the Upland Game Birds

Wednesday 08/30/2023

Intro to AFNR 8:23am - 9:10am

ICEV -- Career Cluster

Homework

Field Trip with Science class

Students will log onto ICEV and access the Ag I Careers unit and will use the video to complete the worksheet. If they have time they will complete the Vocabulary and Assessment.

Fund Ag Mechanics 9:13am - 10:00am

ICEV -- Basic Surveying lesson

Homework

Field Trip with Science class

Students will log onto ICEV and complete the worksheet, vocabulary and assessment on the Basic Surveying lesson.

Ag Power 10:03am - 10:50am

Chapter 1 Test 1 and Test 2

Homework

Field Trip with Science class

Students will use their textbooks to complete Test 1 and Test 2 from Chapter 1

Adv Animal Science 11:43am - 12:30pm

Ecological Sites worksheet

Homework

Field Trip with Science class

Students will complete a worksheet on ecological sites using the range manual they have on their computer.

Fund Plant Science 1:08pm - 1:55pm

Field Trip to Dakota Lakes Research Farm

Homework

Field Trip with Science class

Ag Structures 1:58pm - 2:45pm

Worksheet on Miter Saw safety and video

Homework

Field Trip with Science class

Students will watch a video on miter saw safety and will complete a worksheet

8th Grade Ag 2:48pm - 3:35pm

Upland Game Birds

Homework

Field Trip with Science class

Students will complete a worksheet on Upland Game Birds

Thursday 08/31/2023

Intro to AFNR 8:23am - 9:10am

Miter Saw Safety**Homework**

Students will go over how to safely operate the miter saw and will make a cross cut with it. They will complete a worksheet and see a demonstration of miter saw operation prior to operating the saw.

Fund Ag Mechanics 9:13am - 10:00am

Differential Leveling**Homework**

Students will go out and do a lab on differential leveling. They will learn about terms associated with surveying and how to record rod reading and calculate Height of Instrument and elevation.

Ag Power 10:03am - 10:50am

Chapter 1 Test 1 & 2 Swap**Homework**

Students will swap the information from Chapter 1 test 1 and 2 test with each other.

Adv Animal Science 11:43am - 12:30pm

Range Plant ID**Homework**

Students will go out to a pasture site and identify range plants.

Fund Plant Science 1:08pm - 1:55pm

Permeability & Surface Runoff worksheet**Homework**

Students will complete a worksheet on permeability and surface runoff.

Ag Structures 1:58pm - 2:45pm

Design tables and stands**Homework**

Students will see a demonstration on miter saw operation and will make a cross cut and a miter cut and a bevel cut with the saw.

8th Grade Ag 2:48pm - 3:35pm

Upland Game Birds**Homework**

Students will explore the habitat for Upland Game birds and will go to the GF&P site to explore hunting season and limits for hunting upland game birds.

Friday 09/01/2023

State Fair
