

Abdominal

Pertaining to
the abdomen

Anemia

Lack of blood

Anoxia

Lack of
oxygen

Antibiotic

Against
microbial life

Arthritis

Inflammation
of the joints

Asymptomatic

Without
symptoms

Biology

The study of
life

Bradycardia

Abnormally
slow heart rate

Carcinoma

Cancerous
tumor

Cardiologist

Specializes in
the heart

Cardiomegaly

Abnormally
large heart

Cardiospasm

Involuntary
movement of the
heart

Cephalic

Pertaining to
the head

Cephalitis

Inflammation
of the head

Coprophagia

Eating feces

Cyanuria

Blue Urine

Cystotomy

Cutting into the urinary bladder

Cytopenia

A deficiency of the cells

Decay

Breakdown

Dehydrate

Remove water from

Dental

Pertaining to
the skin

Dermal

Pertaining to
skin

Dermatitis

Inflammation
of the skin

Dermatologist

Specializes in the
study of the skin

Dysphagia

Difficulty
eating

Dyspnea

Difficulty
breathing

Dysuria

Difficulty
urinating

Enteral

Pertaining to
the intestines

Enteric

Pertaining to
the intestines

Entrotoxin

Poison in
intestines

Epidermal

On the skin

Erythrocyte

Red blood
cell

Erythrolysis

Destruction of
the red blood cell

Erythropenia

Deficiency of
red blood cells

Eupnea

Normal
breathing

Gingivitis

Inflammation
of the gingiva

Hepatomegaly

Abnormally
large liver

Hydrocephalous

Water on the
brain

Hydrous

Pertaining to
water

Hyperthermia

Abnormally high
body temperature

Hypothermia

Abnormally low
body temperature

Hypoxia

Insufficient
oxygen

Isothermic

Equal
temperature

Leukemia

Malignant
blood disease

Leukopenia

Deficiency of
white blood cells

Lobectomy

Surgically
removing a lobe

Malocclusion

Poor positioning
of the teeth

Malphagia

Bad
swallowing

Mammography

A recording of the
mammary glands

Microscope

Instrument for
examining
minute objects

Multicellular

having or
consisting of
many cells

Neonatal

Newborn

Ophthalmology

The study of
the eye

Ophthalmoscope

An instrument
used to examine
the eye

Osteoma

Cancer of the
bone

Otic

Pertaining to
the ear

Otitis

Inflammation
of the ear

Otoscope

Instrument used
to examine the
ear

Panarthrititis

Inflammation
involving all coats
of an artery

Pericardial

Pertaining to the
area surrounding
the heart

Pericarditis

Inflammation of the tissue surrounding the heart

Periodontal

pertaining to the area around the tooth

Peritoneal

Pertaining to the peritoneum-the lining of the abdominal cavity

Polyarthrititis

Inflammation of multiple joints

Polyuria

Producing a lot of urine

Postnatal

After birth

Postoperative

After
operation

Radiography

Recording an
image using x-
rays

Stethoscope

Instrument used
to examine the
chest

Tachycardia

Abnormally fast
heart rate

Tachypnea

Abnormally
fast breathing

Thermic

Pertaining to
temperature

Thoracotomy

An incision
into the thorax

Tracheoma

A tumor of
the trachea

Tracheotomy

Cutting into
the trachea

Unicellular

One cell

Urology

Study of the
urinary system
